Vision UK implementing the UK Vision strategy

Vision 2020 UK Conference - hosted by RNIB

Vision UK 2009

Let's
meet

Targets:

- Promote the delivery of the UK Vision Strategy
- Highlight the UK's contribution to the World Health Assembly's VISION 2020 global agenda
- Raise the profile of eye health, improve services and enhance the lives of visually impaired people

The UK Vision Strategy was launched in 2008 and was developed in response to the World Health Assembly VISION 2020 resolution, by the year 2010 the UK Vision Strategy aims to:

- Improve the eye health of the people of the UK
- Eliminate avoidable sight loss and deliver excellent support to those with a sight problem
- Enhance the inclusion, participation and independence of blind and partially sighted people
-

The UK Vision Strategy is an initiative of VISION 2020 UK, led by RNIB

Vision UK 2009 was held on Thursday, 4 June 2009 at the Queen Elizabeth II Conference Centre, Westminster, London, UK

- VIP and speaker handling

Over 450 participants attended the plenary sessions and 10 interactive seminar sessions with a programme featuring many entertaining and informative speeches as well as real stories of people whose lives have already been impacted through true partnerships between eye care and social care services.

Following the success of the 2009 conference, Vision UK will now become an annual event.

Testimonials:

"Thank you to you and your team - it makes all the difference having confidence in the people that you are working with. One special mention was for the "nice smiley young man behind the registration desk" - his politeness and help were particularly mentioned to me by one delegate".
